RE: BROADCAST OWNERSHIP RULES

Please do not relax the broadcast ownership rules.

America needs independent media, which would likely be bought out if allowed. A free press is essential to a free society.

Big business is a proponent for the ability to dominate the press; please do not allow one of our most basic rights and freedoms to disappear.

Sincerely,

**Danny R. Schnautz**

The Media has too much control of what we see and hear. I urge you not to relax any rules but to keep them as they are before we lose all sight of what is right.

Sincerely,

THE STRAIN'S

Dear Mr. Powell:

I urge you not to relax the broadcast ownership rules that protect American citizens from media monopolies.

These proposed changes would pave the way for giant media conglomerates to gain near-total control of radio and television news and information in communities across our nation. And many of the corporations that are now lobbying the FCC to relax these ownership rules already have a known track record in attempting to keep opposing viewpoints off the air.

The American people deserve to hear more than one point of view on important issues. Therefore, for the sake of our democracy and our freedom, I urge you to continue the broadcast ownership protections that, for decades, have helped to ensure a healthy political debate in our country.

Sincerely,

*S. M. Strain*
